CA Building Products are runaway favourite for Chepstow Racecourse Refurbishment

***CA Building Products supplied high quality soffits, bespoke fascias and curved aerofoils as part of a £7.5 million investment and renovation programme by Chepstow Racecourse to make it one of the most modern in the UK.***

Home to the Coral Welsh National, Wales' richest and most prestigious race meeting, Chepstow's aim was to provide top-class facilities from which to enjoy National Hunt action at its best.

An extension to the main grandstand, which houses spectators and corporate entertaining facilities, was fitted with post powder coated 3mm aluminium fascia and aerofoils in green, while the 2mm white soffit system delivers crisp, clean lines to the underside of the canopies.
